

Britain's Healthiest Workplace

Business in the Community wellbeing member advisory support for continuous improvement

Business in the Community's collaboration with Britain's Healthiest Workplace

[Britain's Healthiest Workplace](#) (BHW) is the largest, most comprehensive and **free** workplace wellbeing survey in the UK.

BHW's employer and employee question sets are fully aligned with the Business in the Community [Workwell Model](#) which takes a whole person, whole systems approach to wellbeing, enabling employers to take a strategic, preventative and integrated approach.

Value of participating for Business in the Community members

By participating in the survey, employers gain a better understanding of the health risks affecting their employees, how these change over time, and their associated health and productivity impact.

What do participants receive?

- An Organisational Health Report giving unique insights into the health profile of the organisation and its employees.
- Each participating employee will receive a Personal Health Report in real-time.
- Organisations attaining the highest average score receive recognition via four award categories, classified by small, medium and large employer: *Britain's Healthiest Workplace*; *Healthiest Employer*; *Healthiest Employees* and *Most Improved Workplace*.

What is the value of participating?

- Increasing awareness of the importance of and interplay between lifestyle and clinical health, work engagement and employee productivity.
- Benchmarking against other employers, and the potential to be recognised as an example of best practice in the workplace wellbeing space.
- Enhanced understanding of strengths and weaknesses with respect to organisational health to enable strategic action-planning.

Added value for Business in the Community's wellbeing members

- A dedicated Wellbeing Advisor to provide you with tailored specialist support and guidance to address gaps identified in your organisational report and enhance your wellbeing strategy and programme implementation;
- Access to best practice and insights via brokered conversations, peer learning forums, events, and networking opportunities with peers from our membership of employers leading the way on workplace wellbeing;
- Access to cutting edge toolkits, research and case studies on workplace wellbeing;
- Opportunities for recognition and positive brand association via our website, newsletters, social media platforms, and member-only sponsorship opportunities;
- Access to trainings and workshops for your practitioners and employees.
